### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: the present invention relates to a nonvolatile memory device with a programming circuit. The independent claims 1, 5 and 10 recite a nonvolatile memory device having a controller to control the receiving of address information, the receiving of data via a second terminal in response to pulses of a first signal received from first terminal, and the performing of data writing to ones of said nonvolatile memory cells corresponding to said address information without receiving pulses of said first signal via said first terminal. The PRIOR ART fails to disclose or suggest such a controller for a nonvolatile memory device as described in the independent claims 1, 5 and 10, therefore, claims 1-14 are in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Vu A. Le whose telephone number is (571)272-1871. The examiner can normally be reached on M-F (7:00-3:30).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Richard Elms can be reached on (571)-272-1869. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
